Cost: \$275pp no GST (must be aged 18 years & over to enrol - if renewing TC licence min age 21)

Training Venue: Unit 5 / 68-72 Perrin Drive, Underwood QLD 4119 (entry via Nevilles Street)

Course Time: 8:00am - 4:00pm

Course Description

UNITS OF COMPETENCY COVERED

[Please note: Updated units have been added since training undertaken prior to 2022]

[RIIWHS205E](#) Control traffic with stop-slow bat

[RIICOM201E](#) Communicate in the workplace

[RIIWHS201E](#) Work safely and follow WHS policies and procedures

[RIIWHS205E - Control traffic with stop-slow bat](#)

Supersedes and is equivalent to **RIIWHS205D** Control traffic with stop-slow bat.

This unit describes the skills and knowledge required to control vehicle and pedestrian traffic using stop-slow bats, hand signals and approved communication devices in the resources and infrastructure industries.

It applies to those working in operational roles. They generally work in teams in live traffic environments under some degree of supervision.

Note: The terms Occupational Health and Safety (OHS) and Work Health and Safety (WHS) are equivalent and generally either can be used in the workplace. In jurisdictions where the National Model WHS Legislation has not been implemented registered training organisations are advised to contextualise the unit of competency by referring to the existing state/territory OHS legislative requirements.

ELEMENT PERFORMANCE CRITERIA

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element</i>
1. Prepare to control traffic	1.1 Select and wear personal protective equipment required for work activities 1.2 Access, interpret and confirm work instructions and plan work

	<p>1.3 Access, interpret and apply required workplace policies, procedures, jurisdictional safety and environmental protection requirements</p> <p>1.4 Obtain and interpret site emergency procedures and prepare for accidents and emergencies</p> <p>1.5 Select tools and equipment, check for serviceability, and rectify faults and report according to workplace policies and procedures</p>

3. Conduct housekeeping activities	<p>3.1 Confirm and remove signs and devices in line with job requirements and cover as required</p> <p>3.2 Clean, check and store tools and equipment</p> <p>3.3 Report environmental damage and potential for future damage as required</p>

RIICOM201E - Communicate in the workplace

This unit describes the skills and knowledge required to communicate in the workplace in the resources and infrastructure industries and other industries with relevant work practices and procedures.

It applies to those working in operational roles. They generally work under supervision to undertake a prescribed range of functions involving known routines and procedures and take some responsibility for the quality of own work outcomes.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

RIIWHS201E - Work safely and follow WHS policies and procedures

This unit describes the skills and knowledge required to work safely and follow work health and safety (WHS) policies and procedures in the resources and infrastructure industries.

It applies to those working in operational roles. They generally work under supervision to undertake a prescribed range of functions involving known routines and procedures and take responsibility for the quality of own work outcomes.

Licensing, legislative and certification requirements that apply to this unit can vary between states, territories and industry sectors. Users must check requirements with relevant body before applying the unit.

Note: The terms Occupational Health and Safety (OHS) and Work Health and Safety (WHS) are equivalent and generally either can be used in the workplace. In jurisdictions where the National Model WHS Legislation has not been implemented RTOs are advised to contextualise the unit of competency by referring to the existing State/Territory OHS legislative requirements.

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

Skill	Description
Numeracy	Applies basic mathematical problem-solving processes, including simple addition, subtraction, multiplication and division
Oral communication	Listens to short, explicit instructions for work procedures and asks questions to clarify and confirm
Reading	Identifies and interprets information from workplace procedures, documentation, legislation and regulations
Technology	Identifies purposes, specific functions and key features of common digital systems and tools and operates them as required
Writing	Produces and completes workplace reports using appropriate vocabulary, grammatical structures and conventions

Traffic Management Training Pty Ltd provides the TC-R traffic controller refresher training course to be able to renew your traffic controller accreditation in Queensland (QLD) for use in QLD. As per the Transport and Main Roads (TMR) approved training program, participants are required to demonstrate currency of industry practice [\[COIP\]](#) as a Traffic Controller and successfully complete the required renewal process to be able to renew their qualification for an **additional 3 years**.

The renewal process is for the purpose of ensuring the currency of each participant's Traffic Controller qualification and so they can currently demonstrate the skills and knowledge required to work safely as a Traffic Controller in QLD.

How long does the accreditation last?

The initial traffic controller accreditation is issued for 3 years. It is the participant's responsibility to ensure they maintain current accreditation when performing traffic controller duties, and that they keep their contact details up to date by notifying the department of any changes. (*Reference TMR Website*)

How do I renew my accreditation?

To renew your traffic controller accreditation, you must:

1. complete an approved traffic controller refresher training course (we offer regular 1 day courses for \$275)
2. complete a [Traffic Controller Accreditation Scheme Application form \(F4115\)](#), declaring your offence history, your medical fitness and your training qualifications *** (must be completed within 90 days of current TC ticket expiry date)***
3. lodge your application and **fee (currently \$215.60)** at a **transport and motoring service centre**.
4. You will be required to present evidence of identity documentation when you attend the customer service centre to lodge your application

Course Outcome:

Upon successful completion, participants receive a Statement of Attainment for:

[RIIWHS205E](#) Control traffic with stop-slow bat

[RIICOM201E](#) Communicate in the workplace

[RIIWHS201E](#) Work safely and follow WHS policies and procedures

This documentation is required to apply for re-accreditation as a Traffic Controller with the Department of Transport and Main Roads [TMR].

Group and/or private bookings

Traffic Management Training Pty Ltd also offers group bookings and private bookings to cater to companies or groups wanting to conduct a private training course, either at your suitable training venue or at our training premises in Underwood in Brisbane, QLD.

Target audience

Queensland Traffic Controllers renewing their accreditation in Traffic Control.

Class times

8-hour class from 8:00am to 4:00pm on the day of training.

Participants need to ensure they arrive at least 15 minutes prior to the scheduled course start time, late attendees *may* not be permitted entry to the course.

Pre-requisites

To become an Accredited Traffic Controller in QLD participants must have successfully completed an approved traffic controller training course and entrants must meet the requirements as set out in the [Traffic Controller Accreditation Scheme – Approved Procedures \(TCASAP\)](#)

- For additional prerequisite information required by QLD TMR please click on the link below
 - [Link to TMR Traffic Controller Pre-requisite requirements](#)

IMPORTANT - Documents required at the time of enrolment

- a copy of your current Traffic Controller Industry Authority Card;
- a Current QLD Traffic Controller/Traffic Management Implementer Ticket or Current Statement of Attainment
- a copy of your current White/Blue Card (CPCWHS1001 construction induction card)
- Photo ID (eg: drivers licence)
- demonstrate evidence of your currency and competency; [COIP can be accessed here](#)
- a valid unique student identifier (USI) [click here to find your USI](#)
- Pen
- Your own lunch & drinking water (tea & coffee supplied)
- Casual dress with enclosed shoes
- Please remember to dress in a manner that is respectful and appropriate for training

Please note: To avoid delays processing your renewal certificate, ensure you bring all of the above required documentation to training or provide it prior to training commencement. **We cannot issue your renewal without your fully completed COIPs, relevant evidence and USI.**
